

Floating Landcare

Join us in protecting the Hawkesbury Estuary!

Floating Landcare volunteers visit boat access only locations along the Hawkesbury River and in the Pittwater to help restore the local environment. Activities include bush regeneration, litter collection, planting and simple flora and fauna surveys.

Volunteers get to learn new skills, meet like-minded people and make a difference to their local environment while exploring places that normally have limited access. RSVP essential for all events as places are limited. RSVPs are via email to floatinglandcare@gmail.com or 02 4725 3055, and close one week before each event. All training and tools are provided, as well as lunch and/or morning tea.
